

Today, WE decide the future!

CAMPAIGN FOR BETTER FUTURE OF MOSHATAGH

Rebuilding a bigger and better village school...

The PRESENT of Moshatagh

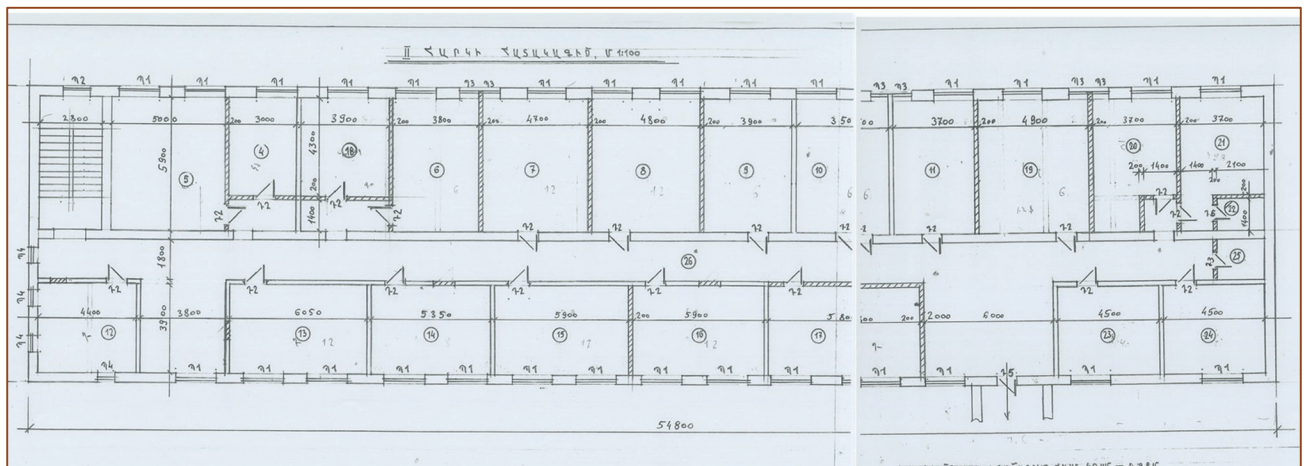

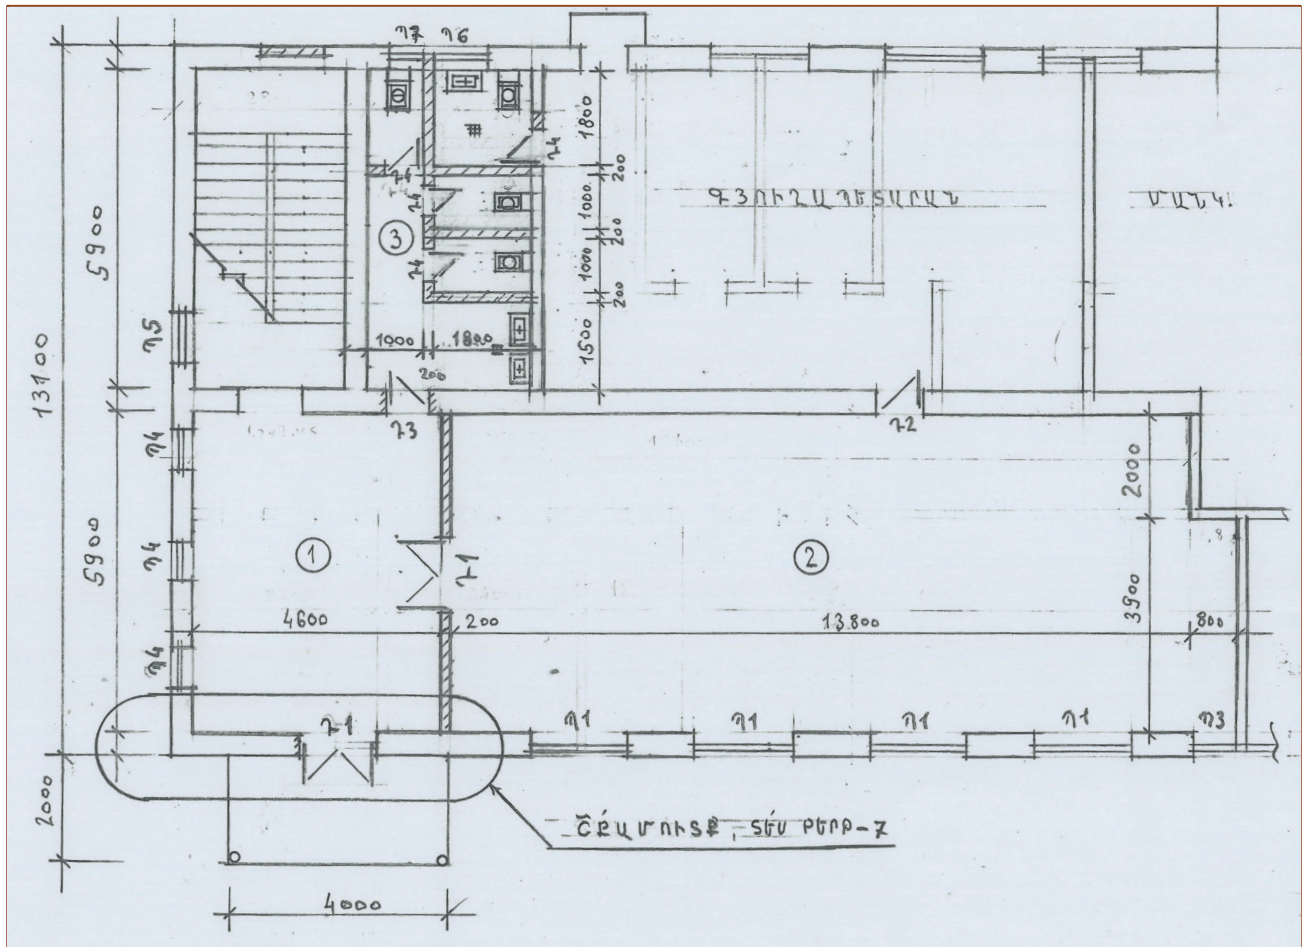

What if...

- Our children had asthma attacks, because their classrooms were covered in mold and dust?
- Our children contracted illnesses in school due to a lack of basic hygiene?
- The growing number of our children couldn't attend classes because there were not enough classrooms?
- We couldn't provide our children with a normal education?

*Would we stay, or would we leave for a place that offered
better education ... better opportunities ...
a BETTER FUTURE?*

The BETTER FUTURE of Moshatagh

School

We can give the BETTER FUTURE

Now.

NO bathrooms with running water

NO gathering space

CRUMBLING school

Soon, with your help.

NEW bathrooms

Students will improve their hygiene and health by using modern, clean bathrooms.

NEW hall for events

Students can organize events, teacher-parent conferences and public discussions in a spacious hall.

MODERN and BIGGER school

In a safe building with modern amenities, students will focus on learning, and not on dangerous cracks, leaky roofs, unhealthy mold.

Why does Moshatagh need our help?

Վերակառուցենք Մոշաթաղի դպրոցը
Let's Rebuild the Moshatagh School

Քաշաթաղի շրջան
Kashatagh region

We will enhance the security of our motherland

Kashatagh is the link that connects the Republics of Armenia and Artsakh. Thus, it is extremely important for the security of our motherland to create and develop towns and villages like Moshatagh and defend against enemy incursions.

We will allow Moshatagh's population to grow

Moshatagh's population has grown to the limit of its infrastructure. A modern school with expanded space and amenities will stop current residents from leaving due to lack of educational opportunities for their children.

We will save the structure from final collapse

The Soviet-built structure is damaged from war and neglect. We will save it from collapse and expand the school to accommodate the growing student body.

We will provide economic boost

Our help in rebuilding and expanding this school will create construction jobs and bring cash into Moshatagh through state salaries and other government funds, boosting Moshatagh's economy and preventing emigration.

We will repopulate our ancestral Armenian lands

For the past 200 hundred years Armenians were forced out of these historically Armenian lands. Since the liberation by our heroes, Armenians return and repopulate Moshatagh and other settlements.

We will honor our heroes

Our heroic fighters sacrificed their lives to liberate and defend our motherland. Our help to Moshatagh would mean that we honor them by carrying on their life's work: preserving and developing that which they liberated.

Our help will be an investment into our motherland's future

Our help will stop people of Moshatagh from leaving Armenia in search of better life. Today's children of Moshatagh are tomorrow's soldiers, scientists and businesspeople of Armenia, who will create a safe and prosperous Armenia for our future generations.
